

## Who We Are?

Reyes Painting, Co. is a family owned business that has been in existence since 1972. Though we've gone through a few name changes in our history we have not strayed away from our core competency, painting. For over 42 years, we have painted much of what is South Florida, in the counties of Broward and Miami-Dade. We love our heritage and we love what our contribution has meant to the development and growth of our cities.

## Your Painters – Our Employees

One of the common issues in our industry is inexperienced painters being hired to “save a buck”. Our professional painters have over 10 years of experience each and are **OUR** employees (We **do not** pick them up at the nearest supply store). We trust them and they trust us to deliver high end quality and professionalism at all times.

## We'd Love the Opportunity

We're confident that our over 42 years of experience painting residential and commercial properties in Miami-Dade and Broward Counties will lend itself to creating success for this project. Thank you for the opportunity to present this proposal.

### REVIEWS

I hired Reyes painting for their exterior and interior painting services. They are an excellent and professional company dedicated to providing quality work/service at a fair market price. Their employees are top quality professionals that are detailed oriented and take pride in their job. I would recommend Reyes painting to anyone.

My wife and I called Reyes Painting after an incompetent first painting company we'd hired stopped showing up halfway through the project. John's team completely fixed the botched paint job and gave us the results we initially wanted. He also threw in a few things that we never asked for, such as repairing our wood fascias.
